
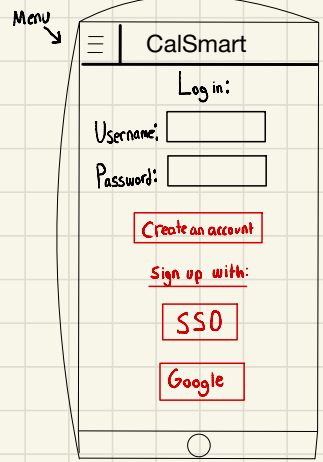
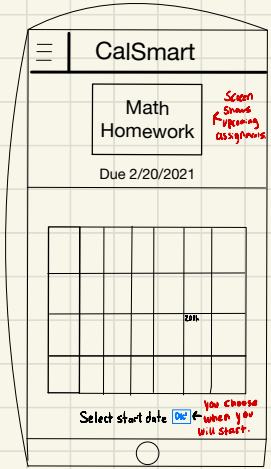
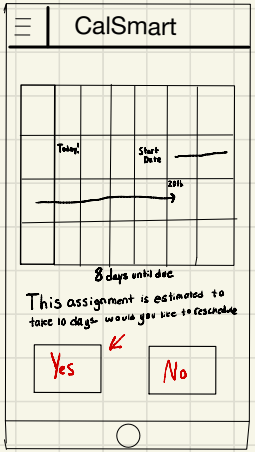
CalSmart will be found by users searching the terms Organization, Schedule, School and Homework Planner.



When the user opens the app, they can use Google or their School/Work account to sign in

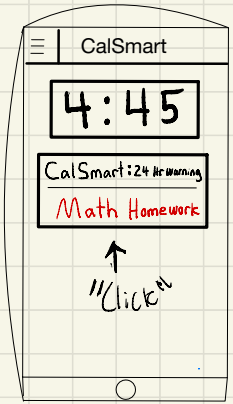


After logging in with your school account, your assignments will be imported.

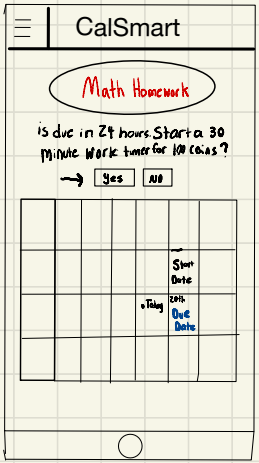


If you select a date too far out, it will ask you to choose a closer date.

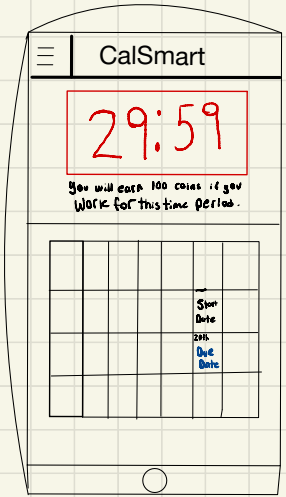
* 7 days later *



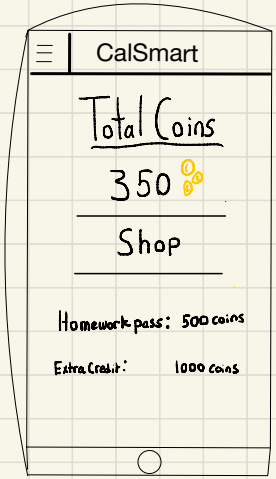
CalSmart will proactively remind you of upcoming assignments. This is 24 hours before



CalSmart offers incentive to work in set timeframes. You earn coins used by professors to provide incentives.



You earn the points for working the entire time period.



Professors may offer incentives for students who earn coins.
